Computer Science, Undergraduate | Data Tech Enthusiast

As a fifth-semester Computer Science student at BINUS University, I am a dedicated individual seeking to deepen my expertise in Data Engineering. Throughout my academic journey, I have actively engaged in various extracurricular activities, including organizational roles and project undertakings. Presently, I am eager to pursue an internship that will allow me to refine my skills and contribute to a progressive company, fostering mutual growth and advancement.

EXPERIENCE

Persekutuan Oikumene (PO), BINUS University — *Document Equipment Activist*

May 2023 – Present

- Providing property needs such as plaques for appreciation in collaborative inter-campus PO activities.
